**Long Range Committee****Common Areas**

Eaglesgate is a beautiful community that has been a sought-after neighborhood in the greater Springfield area for many years. With the maturity of our community comes a few maintenance items that we will be looking at over the next 2-3 months that include the following:

- Reviewing Spillways to be repaired and scheduling of this work is in process
- Deck repair has been completed on clubhouse until the community decides the next phase of this structure
- Refresh of entrances that includes possible tree replacement and have agreed to go with fuller flowers by same company that works with Cooper Estates. Dick Carson will soon be planting these entrances with a plan to have complete before Mother's Day
- Long-term Items that are also in process over the next 6-9 months are much needed clubhouse items including deck & doors, work on the pool, security review, and clubhouse parking area.

**Neighborhood Reminders**

- Please be looking for a survey/vote on order of importance coming your way surrounding projects that are needing to be done
- Landscaping that is unkept is common across the neighborhood of which complaints have been received and letters have gone out based on those complaint forms received. Recent weeks have been extremely hot and this is a simple reminder to make sure weeds, dead trees/bushes/plants are removed, weed control within our yards is maintained, and lawns/empty lots mowed weekly.
- If there is an immediate safety concern, please immediately call authorities and do not take a risk of delay by contacting the board to handle an urgent situation. Please do however notify the board if you feel that the concern needs to be communicated.
- Trash cans are supposed to be kept within the garage out of sight

**Rental Properties**

Rental properties must register with the HOA, have tenants approved. Those within the neighborhood please contact HOAMS or the board to fill out tenant forms to be reviewed for approval by the board. Rental policy and forms can be accessed via this link.

**Home-Improvement Projects?**

Please remember that any home improvement project should be submitted to our Design Review Committee (DRC) for approval **BEFORE** any of the work begins. This could be for something as simple as a deck restrain or simple landscape project to a more elaborate project such as an exterior home renovation or deck add-on or rebuild. We would just encourage that you submit a request for each project that you prepare to take on. Please send your request(s) to the DRC directly at [DRCEaglesgate@gmail.com](mailto:DRCEaglesgate@gmail.com)

**LINK FOR NECESSARY FORMS****Emails Needed for Proper Communication**

Know someone who doesn't get these notifications but would benefit from doing so? Please have them send an email to one of the following two email addresses ([eaglesgateca@gmail.com](mailto:eaglesgateca@gmail.com) or [info@hoams.com](mailto:info@hoams.com)) so we can get them added to our distribution list. The board is currently taking steps to make email the primary means of neighborhood communication so we would like to get everyone on our list as quickly as possible.

Thank You,
